

Annual Evaluation Documentation

Preface

There are three types of Annual Performance Evaluations: **Annual**, **Flex and Probationary**.

The **Annual Evaluation Document** serves as a basis for making sound administrative decisions.

Status and **due dates** for Annual, probationary/flex performance management documents will be initiated through query by the Agency Performance Evaluation Coordinator.

The **Manager** must enter the work outcome statements found on the **Job Performance Plan** onto the Annual Evaluation Document.

The **Manager** will rate the **Employee's** performance and provide documentation to support the rating for each work outcome statement, and provide the employee an opportunity to agree or disagree and to comment on the review.

The work outcome statements listed on the Annual Performance Evaluation Document must match those listed on the current **Job Performance Plan**.

Managers will provide **Employees** with a paper copy of their **Annual** Evaluation Document at the time of discussion.

Pending Performance Evaluations will be able to be viewed by Managers in Edison through Manager Self Service.
